5.2.1: Higher Education

Thank you for your application to the University of Greenwich. I am pleased to offer you a place on the programme specified above. You will shortly receive a second emailed offer letter which will include your 'Student ID' which you will need to arrange payment of the pre-registration deposit and to accept your offer of place. If you have not received this email and you wish to pay your deposit, please contact your agent who will obtain the 'Student ID' from the university or email international@gre.ac.uk

Tuition Fee & Pre Registration Deposit

The pre-registration deposit is the first payment towards your tuition fees; it reduces the tuition fees payable on registration and confirms your place on the programme offered. It can be paid by a Bank Draft made payable to the University of Greenwich or by direct transfer to the university's bank account.

The deposit paid to confirm the offer of place is only refundable where the applicant provides evidence that the application for a student visa was not accepted for the year the academic offer was made.

Full details of tuition fees, the pre-registration deposit, how to pay the deposit, university bank account details, available bursaries and scholarships and links to the charging and refund policy can be found at <https://www.gre.ac.uk/finance/fees> or by contacting international@gre.ac.uk

For students assessed as paying fees at the **international rate**, tuition fees are subject to an annual fee setting exercise and will rise annually by no more than RPI – X +3% (Retail Price Index excluding mortgage interest rates +3%). We would only consider an increase to the fee rate for continuing students to reflect the increased cost of delivering the course in subsequent years.

Visa

This offer cannot be used to obtain a Tier 4 student visa.

As an international fee paying student you will probably need a Tier 4 Student Visa to study with us. If you do require a Tier 4 Student Visa to study in the UK, please refer to the University Sponsorship Policy at <http://www2.gre.ac.uk/current-students/regs/?a=1441173>.

Information on how to apply and the requirements for your student visa to study with us can be found on the UK Government website at <https://www.gov.uk/browse/visas-immigration/student-visas>

TERMS AND CONDITIONS

Original Documents

You are required to bring your original documents for the qualifications which are stated on your CAS statement, along with your passport and visa to enable you to enrol at the University.

Confirmation of Acceptance for Studies (CAS) Issuing Policy

As part of the admissions process, if you have previously studied in the UK, you are required to provide the full details of your UK immigration history, which includes any visa refusals.

There may be occasions whereby we need to contact the UKVI to obtain more information regarding your immigration history. If this is required, we will ask you to sign a consent form to confirm that you authorise the University to request this information. Failure to provide this consent will result in your application being withdrawn.

Depending on the outcome of your immigration history check, this may result in the University being unable to sponsor you for a Tier 4 student visa, and therefore unable to process your application further.

Failure to declare this information may result in a visa refusal.

At the CAS stage of the process, you will be asked to confirm whether all your details are correct. If there are any discrepancies in what you confirm as correct, which in turn results in a visa refusal, the University may be unable to issue any future CAS.

The full CAS issuing policy can be provided on request.

Fraudulent Documents & Payments

Please note that if a fraudulent document is provided or fraudulent payment has been made (including any attempts of fraudulent payments), your application will be withdrawn with immediate effect and you will not be eligible to apply to the University again in the future. If you are already a current student and carry out any fraudulent activity including but not limited to tuition fee payments, this will result in withdrawal from the University and curtailment of your visa, requiring you to return to your home country.

Duplicate Agent Applications

If you have applied through one of our contracted agents, and subsequently wish to change to a different agent, you will be asked to confirm this in writing to the International Office. Please also note that your original application will be withdrawn, and we will treat your new agent request as a new application.

Alternative Offers

After considering your application, we may feel that an alternative course choice is more suitable for you. Subsequently we will make a conditional offer as appropriate, and you will be notified that an alternative offer has been made. Please note that this may include being offered one of our pre-degree programmes, taught here on University campus. If we feel that you require a pre-degree programme, we will refer your application to Study Group, who will then contact you directly regarding a place on one of the courses here with us.

INSTRUCTIONS TO STUDENTS

STUDENT ATTESTATION. You should read everything on this page carefully. Be sure that you understand the terms and conditions concerning your admission and stay in the United States as a nonimmigrant student before signing the student attestation on page 1 of the Form I-20 A-B. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

FORM I-20. The Form I-20 (this form) is the primary document to show that you have been admitted to school in the United States and that you are authorized to apply for admission to the United States in F-1 class of admission. You must have your Form I-20 with you at all times. If you lose your Form I-20, you must request a new one from your designated school official (DSO) at the school named on your Form I-20.

VISA APPLICATION. You must give this Form I-20 to the U.S. consular officer at the time you apply for a visa (unless you are exempt from visa requirements). If you have a Form I-20 from more than one school, be sure to present the Form I-20 for the school you plan to attend. Your visa will include the name of that school, and you must attend that school upon entering the United States. You must also provide evidence of support for tuition and fees and living expenses while you are in the United States.

ADMISSION. When you enter the United States, you must present the following documents to the officer at the port of entry: 1) a Form I-20; 2) a valid F-1 visa (unless you are exempt from visa requirements); 3) a valid passport; and 4) evidence of support for tuition and fees and living expenses while you are in the United States. The agent should return all documents to you before you leave the inspection area.

REPORT TO SCHOOL NAMED ON YOUR FORM I-20 AND VISA. Upon your first entry to the United States, you must report to the DSO at the school named on your Form I-20 and your F-1 visa (unless you are exempt from visa requirements). If you decide to attend another school before you enter the United States, you must present a Form I-20 from the new school to a U.S. consular officer for a new F-1 visa that names the new school. Failure to enroll in the school, by the program start date on your Form I-20 may result in the loss of your student status and subject you to deportation.

EMPLOYMENT. Unlawful employment in the United States is a reason for terminating your F-1 status and deporting you from the United States. You may be employed on campus at your school. You may be employed off-campus in curricular practical training (CPT) if you have written permission from your DSO. You may apply to U.S. Citizenship and Immigration Services (USCIS) for off-campus employment authorization in three circumstances: 1) employment with an international organization; 2) severe and unexpected economic hardship; and 3) optional practical training (OPT) related to your degree. You must have written authorization from USCIS before you begin work. Contact your DSO for details. Your spouse or child (F-2 classification) may not work in the United States.

PERIOD OF STAY. You may remain in the United States while taking a full course of study or during authorized employment after your program. F-1 status ends and you are required to leave the United States on the earliest of the following dates: 1) the program end date on your Form I-20 plus 60 days; 2) the end date of your OPT plus 60 days; or 3) the termination of your program for any other reason. Contact your DSO for details.

EXTENSION OF PROGRAM. If you cannot complete the education program by the program end date on page 1 of your Form I-20, you should contact your DSO at least 15 days before the program end date to request an extension.

SCHOOL TRANSFER. To transfer schools, first notify the DSO at the school you are attending of your plan to transfer, then obtain a Form I-20 from the DSO at the school you plan to attend. Return the Form I-20 for the new school to the DSO at that school within 15 days after beginning attendance at the new school. The DSO will then report the transfer to the Department of Homeland Security (DHS). You must enroll in the new school at the next session start date. The DSO at the new school must update your registration in SEVIS.

NOTICE OF ADDRESS. When you arrive in the United States, you must report your U.S. address to your DSO. If you move, you must notify your DSO of your new address within 10 days of the change of address. The DSO will update SEVIS with your new address.

REENTRY. F-1 students may leave the United States and return within a period of five months. To return, you must have: 1) a valid passport; 2) a valid F-1 student visa (unless you are exempt from visa requirements); and 3) your Form I-20, page 2, properly endorsed for reentry by your DSO. If you have been out of the United States for more than five months, contact your DSO.

AUTHORIZATION TO RELEASE INFORMATION BY SCHOOL. DHS requires your school to provide DHS with your name, country of birth, current address, immigration status, and certain other information on a regular basis or upon request. Your signature on the Form I-20 authorizes the named school to release such information from your records.

PENALTY. To maintain your nonimmigrant student status, you must: 1) remain a full-time student at your authorized school; 2) engage only in authorized employment; and 3) keep your passport valid. Failure to comply with these regulations will result in the loss of your student status and subject you to deportation.

INSTRUCTIONS TO SCHOOLS

Failure to comply with 8 CFR 214.3(k) and 8 CFR 214.4 when issuing Forms I-20 will subject you and your school to criminal prosecution. If you issue this form improperly, provide false information, or fail to submit required reports, DHS may withdraw its certification of your school for attendance by nonimmigrant students.

ISSUANCE OF FORM I-20. DSOs may issue a Form I-20 for any nonimmigrant your school has accepted for a full course of study if that person: 1) plans to apply to enter the United States in F-1 status; 2) is in the United States as an F-1 nonimmigrant and plans to transfer to your school; or 3) is in the United States and will apply to change nonimmigrant status to F-1. DSOs may also issue the Form I-20 to the spouse or child (under the age of 21) of an F-1 student to use to enter or remain in the United States as an F-2 dependent. DSOs must sign where indicated at the bottom of page 1 of the Form I-20 to attest that the form is completed and issued in accordance with regulations.

ENDORSEMENT OF PAGE 2 FOR REENTRY. If there have been no substantive changes in information, DSOs may endorse page 2 of the Form I-20 for the student and/or the F-2 dependents to reenter the United States. If there have been substantive changes, the DSO should issue and sign a new Form I-20 that includes those changes.

RECORDKEEPING. DHS may request information concerning the student's immigration status for various reasons. DSOs should retain all evidence of academic ability and financial resources on which admission was based, until SEVIS shows the student's record completed or terminated.

AUTHORITY FOR COLLECTING INFORMATION. Authority for collecting the information on this and related student forms is contained in 8 U.S.C. 1101 and 1184. The Department of State and DHS use this information to determine eligibility for the benefits requested. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

REPORTING BURDEN. U.S. Immigration and Customs Enforcement collects this information as part of its agency mission under the Department of Homeland Security. The estimated average time to review the instructions, search existing data sources, gather and maintain the needed data, and complete and review the collection of information is 30 minutes (.50 hours) per response. An agency may not conduct or sponsor, and a person is not required to respond to an information collection unless a form displays a currently valid OMB Control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Office of the Chief Information Officer/Forms Management Branch, U.S. Immigration and Customs Enforcement, 801 I Street NW Stop 5800, Washington, DC 20536-5800. Do not send the form to this address.

Re: Study Permit Application: Mohammed Abdul Khader Lnu

As demonstrated by the University of Alberta letter of admission submitted with the application for a study permit, Mohammed Abdul Khader Lnu has been admitted to the Masters of Public Health (MPH) for Fall 2023.

This letter is to provide context to the University of Alberta's MPH admission decisions and to support the student's application for a study permit. The MPH is an extremely competitive program. Given the limited number of seats that are available each year we only admit approximately the top 10% of applicants. In 2022 we had 80 students join the program from an applicant pool of 500.

There is great interest in the MPH program given our current environment to find solutions to complex problems that defy single sector solutions/actions and given that the program at the University of Alberta is only one of very few programs accredited by the Council for Education on Public Health. The MPH is a professional degree, and the pool of applicants is diverse, including those with medical, engineering, nursing, and other degrees. In addition, students with other advanced graduate education (MSc, PhD) enroll in the Master of Public Health program to ensure they have a solid foundation in public health issues.

The career opportunities for our graduates are significant both within Canada and their home countries. The training students receive at the University of Alberta ensures they are prepared to make valuable contributions to their communities. We understand that IRCC officers need to be satisfied that students will leave Canada if their study permit expires. There are many immigration pathways that encourage students to remain legally in Canada upon conclusion of their studies and it is hard to imagine that any student with such sought after qualifications as a MPH would jeopardize their career prospects by remaining illegally in Canada at the conclusion of their study permit.

We would be pleased to answer any questions you have about our program, our admission process or the career outcomes of our students. Please contact us at sph.programs@ualberta.ca

Re: Study Permit Application: Mohammed Abdul Khader Lnu

As demonstrated by the University of Alberta letter of admission submitted with the application for a study permit, Mohammed Abdul Khader Lnu has been admitted to the Masters of Public Health (MPH) for Fall 2023.

This letter is to provide context to the University of Alberta's MPH admission decisions and to support the student's application for a study permit. The MPH is an extremely competitive program. Given the limited number of seats that are available each year we only admit approximately the top 10% of applicants. In 2022 we had 80 students join the program from an applicant pool of 500.

There is great interest in the MPH program given our current environment to find solutions to complex problems that defy single sector solutions/actions and given that the program at the University of Alberta is only one of very few programs accredited by the Council for Education on Public Health. The MPH is a professional degree, and the pool of applicants is diverse, including those with medical, engineering, nursing, and other degrees. In addition, students with other advanced graduate education (MSc, PhD) enroll in the Master of Public Health program to ensure they have a solid foundation in public health issues.

The career opportunities for our graduates are significant both within Canada and their home countries. The training students receive at the University of Alberta ensures they are prepared to make valuable contributions to their communities. We understand that IRCC officers need to be satisfied that students will leave Canada if their study permit expires. There are many immigration pathways that encourage students to remain legally in Canada upon conclusion of their studies and it is hard to imagine that any student with such sought after qualifications as a MPH would jeopardize their career prospects by remaining illegally in Canada at the conclusion of their study permit.

We would be pleased to answer any questions you have about our program, our admission process or the career outcomes of our students. Please contact us at sph.programs@ualberta.ca

Sincerely,

Shanthi Johnson, PhD, RD, FDC, FACSM, FGSA
Professor and Dean
