## SUMMARY REPORT

**Name of the Event: "A Certificate Programme on Pharmaceutical Research & Drug Development"**

**Date: 20-08-2018 to 25-08-2018**

**Duration: 36 Hours**

**Objective of Program:**

Understanding of Drug Development Process Gain comprehensive knowledge of the drug development lifecycle, including preclinical research, clinical trials, regulatory approval, and post-market surveillance. Develop project management skills essential for coordinating multidisciplinary teams, managing timelines, budgets, and resources, and ensuring the successful completion of drug development projects.

**Total number of Students Participated: 33**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the Resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

**Name of the Event: A Certificate Programme on Pharmaceutics & Novel Drug Delivery Systems**

**Date: 2-01-2019 to 28-01-19**

**Duration: 36 Hours**

### **Objective of Program:**

Develop a comprehensive understanding of pharmaceutics, including the principles of dosage form design, drug delivery systems, and pharmaceutical technology.

Drug Absorption, Distribution, Metabolism, and Excretion (ADME): Explore the ADME principles governing the fate of drugs in the body and how these factors influence drug delivery system design and optimization.

### **Total number of students Participated: 29**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the Resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

**Name of the Event: A Certificate Programme on Pharmaceutical Analysis & Drug Development**

**Date: 18-02-2019 to 23-02-2019**

**Duration: 36 Hours**

### **Objective of Program:**

1. Equip participants with the knowledge and practical skills to utilize advanced analytical techniques in pharmaceutical analysis, including chromatography (HPLC, GC), spectroscopy (UV-Vis, FTIR, NMR), mass spectrometry, and electrophoresis
2. Provide an understanding of regulatory requirements and quality assurance principles essential for pharmaceutical analysis and drug development. Participants will learn about Good Laboratory Practices (GLP), Good Manufacturing Practices (GMP), and International Council for Harmonization (ICH) guidelines governing analytical method validation, documentation, and regulatory submissions.

**Total number of students Participated: 25**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the Resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

**Name of the Event: A Certificate Programme on Medical Chemistry & Drug Recovery**

**Date: 11/03/2019 to 16/03/2019**

**Duration: 36 Hours**

**Objective of Program:**

**Synthesis and Analysis of Medicinal Compounds:** This program aims to provide participants with a deep understanding of medicinal chemistry principles, including drug design, synthesis, and structure-activity relationships. Additionally, it will cover analytical techniques essential for characterizing and quantifying medicinal compounds and facilitating drug discovery and recovery processes.

**Total number of students Participated: 46**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the resource person and appreciated all the participants for making the program a grand success

## SUMMARY REPORT

**Name of the Event: A certificate Program on Clinical Data Management and Statistical Analysis System**

**Date: 15/07/2019 to 20/07/2019**

**Duration: 36 Hours**

**Objectives of the Program:**

- Gain hands-on experience in using SAS software for data manipulation and analysis.
- Learn to write SAS programs for data cleaning, transformation, and statistical analysis.
- Understand the role of SAS in clinical trials and its application in generating statistical outputs.
- Develop skills in designing data collection forms and databases for clinical trials.
- Learn best practices for data entry, validation, and quality assurance procedures.

**Total number of students Participated: 39**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

**Name of the Event: A Certificate Programme on Community Pharmacy Entrepreneurship**

**Date: 23/09/2019 to 28/09/2019**

**Duration: 36 Hours**

### **Objectives of the Program:**

A certificate program on Community Pharmacy Entrepreneurship would aim to equip individuals with the knowledge and skills necessary to establish and manage successful community pharmacy businesses, this certificate program would be valuable for pharmacists, pharmacy technicians, and other healthcare professionals interested in establishing or managing community pharmacy businesses. It would provide them with practical knowledge and skills to navigate the complex landscape of entrepreneurship in the pharmacy sector, ultimately contributing to the delivery of high-quality patient care and the success of their businesses

**Total number of students Participated: 47**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College Thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

**Name of the Event: A Certificate Programme on Clinical Trials**

**Date: 10/02/2020 to 15/02/2020**

**Duration: 36 Hours**

**Objectives of the Program:**

- Understanding the regulatory requirements governing clinical trials, including Good Clinical Practice (GCP) guidelines, informed consent, and regulatory submission processes.
- Learning about different types of clinical trial designs (e.g., randomized controlled trials, observational studies) and how to develop a study protocol that addresses research questions while ensuring patient safety and data integrity.

**Total number of students Participated: 29**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

**Name of the Event: A Certificate Program on Isolation and Characterization of Natural Products**

**Date: 14/09/2020 to 19/09/2020**

**Duration: 36 Hours**

### **Objectives of the Program:**

A Certificate program on the isolation and characterization of natural products, individuals would gain the practical skills and theoretical knowledge needed to pursue careers in academia, industry, or government agencies involved in natural product research, drug discovery, and development. Additionally, professionals already working in related fields such as pharmaceuticals, biotechnology, and natural product-based industries could enhance their expertise and expand their career opportunities through this specialized training.

### **Total number of students Participated:35**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARYREPORT

Name of the Event: **A Certificate Program on Innovative Approaches to Drug Design**

Date: **07/12/2020 to 12/12/2020**

Duration: **36 Hours**

### **Objectives of Program:**

A Certificate program on innovative approaches to drug design, individuals would gain the knowledge and skills necessary to contribute to the discovery and development of next-generation therapeutics, whether in academic research, pharmaceutical industry, or biotechnology startups. Additionally, professionals already working in related fields such as medicinal chemistry, pharmacology, and biopharmaceuticals could enhance their expertise and career prospects through specialized training in innovative drug design methodologies.

### **Total number of students Participated: 52**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College Thanked and felicitated the resource person and appreciated all the participants for making the program a grand success

## SUMMARY REPORT

Name of the Event: **A certificate Program on Hands-on Compression machine and tablet technology**

Date: **04/01/2021 to 09/01/2021**

Duration: **36 Hours**

### **Objectives of the Program:**

A Certificate program on hands-on compression machine and tablet technology, participants would acquire the practical skills and knowledge necessary to work in tablet manufacturing facilities, pharmaceutical production companies, contract manufacturing organizations (CMOs), and quality control laboratories. This specialized training would prepare individuals for roles such as tablet manufacturing operators, production supervisors, quality control technicians, and process engineers in the pharmaceutical industry.

### **Total number of students Participated: 45**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

Name of the Event: **A certificate Program on Clinical Research & Pharmacovigilance**

Date: **22/11/2021 to 29/11/2021**

**Duration: 36 Hours**

### **Objectives of the Program:**

- A certificate program in Clinical Research and Pharmacovigilance would provide participants with comprehensive training in the principles, practices, and regulations governing clinical research and drug safety monitoring
- By completing this certificate program, participants would develop the knowledge, skills, and competencies required to effectively contribute to the planning, conduct, and oversight of clinical research studies and pharmacovigilance activities, thereby ensuring the safety, efficacy, and quality of pharmaceutical products.

**Total number of students Participated: 42**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College Thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

Name of the Event: **A Certificate Program on Clinical Research**

Date: **07/03/2022 to 12/03/2022**

**Duration: 36 Hours**

### **Objectives of the Program:**

- A certificate program in Clinical Research would provide participants with a comprehensive understanding of the principles, processes, and regulations involved in conducting clinical trials and research studies.
- By completing this certificate program, participants would gain the knowledge, skills, and practical experience necessary to plan, conduct, and manage clinical research studies effectively and ethically, contributing to the advancement of medical science and improving patient care.

**Total number of students Participated: 67**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

**Name of the Event: A Certificate Program on Green Chemistry**

**Date:** 12/09/2022 to 17/09/2022

**Duration:** 36Hours

### **Objectives of the Program:**

- A certificate program on green chemistry would likely cover various aspects of sustainable and environmentally friendly chemical practices
- By completing a certificate program in green chemistry, students would gain the knowledge and skills necessary to contribute to the development and implementation of sustainable chemical practices in various sectors, including manufacturing, pharmaceuticals, agriculture, and materials science.

**Total number of students Participated:** 72

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

Name of the Event: **A Certificate Program on Computer-Aided Drug Design**

Date: 10/10/2022 to 15/10/2022

Duration: 36Hours

### Objectives of the Program:

- A certificate program on computer-aided drug design (CADD) would provide a comprehensive understanding of how computational techniques are used in the drug discovery process.
- Through lectures, hands-on exercises, and possibly a final project or case study, participants in the certificate program would gain practical skills and knowledge essential for careers in pharmaceutical research, biotechnology, and academia, particularly in roles involving drug discovery and development

**Total number of students Participated: 75**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

Name of the Event: **A Certificate Program on Good Manufacturing Practice**

**Date:** 05/12/2022 to 10/12/2022

**Duration:** 36Hours

### **Objectives of the Program:**

- A certificate program on Good Manufacturing Practice (GMP) would provide individuals with a thorough understanding of the principles and regulations governing the manufacturing of pharmaceuticals, biologics, medical devices, dietary supplements, and other regulated products.
- By completing a certificate program on Good Manufacturing Practice, individuals would acquire the knowledge and skills necessary to ensure compliance with regulatory requirements and maintain high standards of quality in the manufacturing of regulated products. This would prepare them for roles in pharmaceutical manufacturing, biotechnology, medical device production, and related industries

**Total number of students Participated: 49**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College Thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.

## SUMMARY REPORT

**Name of the Event: A Certificate program on Brest and Cervical Cancer**

**Date:** 02/01/2023 to 07/01/2023

**Duration:** 36Hours

### **Objectives of the Program:**

By completing a certificate program on breast and cervical cancer, healthcare professionals would gain the knowledge and skills necessary to provide comprehensive care to patients, advocate for prevention and early detection initiatives, and contribute to research efforts aimed at improving outcomes for individuals affected by these cancers. Additionally, individuals interested in public health or patient advocacy could use this knowledge to raise awareness and promote policy changes to reduce the burden of breast and cervical cancer at a population level.

**Total number of students Participated: 51**

The program was so informative and interesting explanation of the resource person was amazing. **Dr. A. Srinivasa Rao**, Principal of Bhaskar Pharmacy College Thanked and felicitated the resource person and appreciated all the participants for making the program a grand success.
