Description	<p>The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handled over to the speaker.</p> <p>Gender-based discrimination has long kept women and girls subordinate to men in the workplace, in politics and at home. In some countries such discrimination persists in the law—legally barring women, for example, from certain professions—while in others economic barriers like the gender pay gap prevent women from experiencing full equality. Ending gender-based discrimination will require laws and frameworks that promote, enforce and monitor gender equality across all areas of life.</p> <p>Finally HOD delivered the vote of thanks and the guest was felicitated with a momentum.</p>
